WELCOME

Abberley Hall is well known as one of the leading prep schools nationally for boys and girls from the age of two to thirteen. We deliver outstanding results in the classroom, extraordinary breadth of education and, above all, we provide children with a happy and truly magical childhood in an inspirational rural setting. Excellent pastoral care is the foundation upon which academic excellence and all else is built. Pupils, staff and parents belong to the Abberley Hall family, where we look after one another, learn together and remember that laughter is good for the soul.

TIMES HAVE CHANGED

The world is changing fast and we are changing with it to ensure that we are as relevant and forward-thinking today as we were when we were founded over a century ago. My family and I arrived in September 2020 and, as part of the Malvern College family of schools, we have introduced some exciting developments for 2021.

We can't wait to share them with you...

REDUCED SCHOOL FEES

It only takes a glimpse at our outstanding academic results and at the confidence, warmth and happiness of our pupils to know that what we provide here at Abberley Hall is unique. It's difficult to put a price on what we offer but we know that parents make huge sacrifices to send their children to independent schools and we have made an Abberley education significantly more affordable. Please have a look at our new fees below:

Termly Fees from April 2021

DAY PUPILS

Boarding continues to be an important part of life at Abberley Hall but we know that it is not for everyone. We welcome day children with open arms and we work hard to accommodate the busy lives of local families. Our day children can benefit from wraparound care before and after school and from our full range of after school and evening activities. Whether pupils board or not, we offer a home-from-home environment and all our children flourish as one community with a shared set of values.

A MORE FLEXIBLE APPROACH TO BOARDING

It is well known that our boarding experience is second to none. Boarding continues to be a core feature of the school but it is more flexible than it once was and we welcome full, weekly and part-time boarders. In fact, children are welcome to stay with us for anything from one to seven nights a week. Many day children choose to try a little boarding and some decide to stay for longer periods as they get towards the top of the school. Whether they board or not, pupils all enjoy the same warm, homely and fun-filled atmosphere.

A New Approach to Saturdays

Saturdays were seen as a 'normal' school day with lessons in the mornings and sport in the afternoons. My team and I thought about this long and hard and have decided to embrace a more modern approach. Attendance on Saturday mornings is now optional (although we do encourage our older pupils to join us and take full advantage of all that we have on offer.) Senior schools want children to be well-prepared for exams but they also want them to have received a broad education and to have developed interests, skills and passions in a wide range of areas. Our Saturday mornings provide an opportunity to discover and explore six areas – **Performing Arts, Physical and Active, Outdoor Adventure, Arts and Crafts, Academic Enrichment and Community Service and Life Skills**. This exciting programme supports the holistic development of all our pupils and ensures the best possible preparation for the next step in their educational journeys.
